

At The Westside City School, the principals
Major interest is satisfying the Superintendent
This is accomplished by spending as little money
on the needs of the school as you can possible
spend or shift this burden on the parents
insisting on them raising funds for school needs
~~associated~~ In addition to satisfying the Superintendent
in the above mention way, another way is to sell
a wide variety of cookies and candy which are not
for health of the children but a further drain on the
purse of the parents.

The children are taken on different projects and if they don't bring the money they are made to miss classes until they pay it.

Children are taken from classes to work in the lunch room. The only pay they are given is a free lunch, and lunches are 2

They do not have a P.E. teacher in the elementary school. The home room teacher are to have their P.E. and sometime they go out and sometime they do not. The teacher goes with them sometime and sometime no.

They don't have a teacher in arts and craft. The music teacher is used as a supply teacher when a teacher is out. They don't have music.

The one student to keep clean
 when they are absent. The teacher

are late for school every day. The

disciplinary school is not open after school
 time because the teacher are not to the
 their mother home for dinner to keep
 the school clean. The school is not
 as far it is and morning the school
 children have to wait in the school

The outside.

you are given a chance to attend an
 one of the city schools. In the school
 you are treated the same in the school
 but in the hall and on the playground
 it is not pleasant. There are no

to the families.
