

**YOU can wave that Flag—
but you're not FREE and EQUAL
if you don't
REGISTER and VOTE!**

The 15th Amendment to the Constitution guarantees every American the right to vote REGARDLESS OF RACE and the 19th Amendment guarantees everyone the right to vote REGARDLESS OF SEX.

That Means -- everyone is guaranteed the right to vote in the books.

There are serious abuses, but the fact is more people are denied the right to vote because they don't register and vote than for any other cause (about 37 million Americans).

As A Result --

Minorities are discriminated against!

Women don't get equal pay for equal work!

Old people - young people - wage earners lose out!

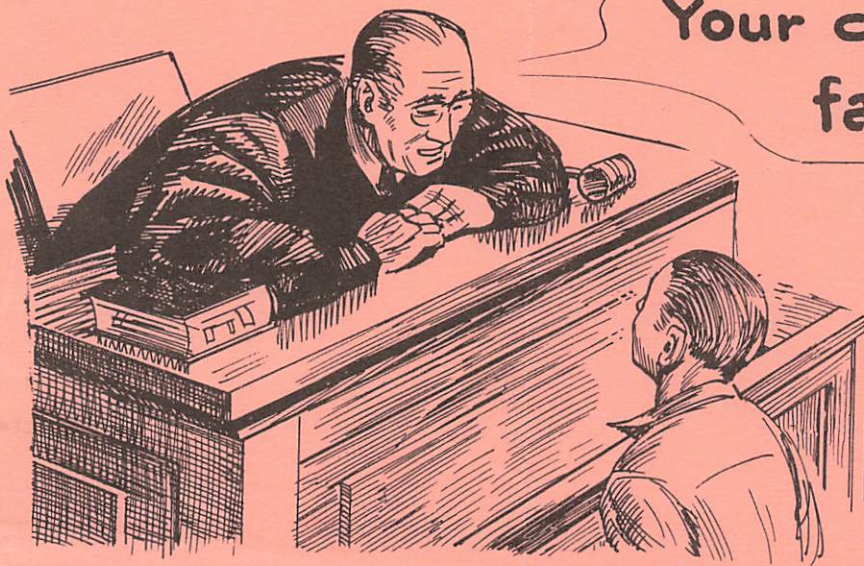

But this is the fault of the people who don't register and vote -- your fault if you fail to vote -- your fault if you don't insist that your wife and neighbors, or husband or brothers or sisters don't vote.

You can sing bass, tenor, soprano, contralto, alto, baritone or just flat when you sing the free and equal blues. But -- you do not have to sing the blues at all. A majority of the people are with you -- want to help you and want your help.

GET IN THE SWING and really be
FREE AND EQUAL!!

**Your crime is that your
father did not VOTE**

Maybe you do not have a child who has been before Juvenile Court.

But the chances are you know of teen age youngsters who worry their parents, and some who have been in trouble, or are on the edge of trouble.

Whose fault? Whose crime? YOURS -- if you have not accepted your own citizenship responsibilities toward young people.

The Schools crippled by inadequate money do not meet the needs nor maintain the interest of many young people. Federal aid for education would help that, and what stops this bill is the vote of Congressmen elected because many people failed to register so they could vote for a better candidate.

Urban Redevelopment provides better housing, pleasant attractive communities in town, parks, playgrounds, opportunities for wholesome recreation for young people would help. BUT REMEMBER -- a coalition of the Dixiecrats and Republicans blocked the creation of a Federal Department of Urban Affairs, and the appointment of Robert Weaver as Secretary.

JOB -- more important -- young people need jobs. Full employment would help solve that problem -- and this is a political problem that requires the vote and support of EVERY American.

DON'T PLEAD GUILTY HOW ABOUT IT?
