Dear

Citizenship today means more than anything else in the world. A citizen of Montgomery becomes a citizen of the world. This privilege, however, can only be attained through the exercise of the vote.

We are interested in helping each eligible person in Montgomery to attain this goal. Would you be kind enough to compile a list of your members indicating which are not registered voters. This will aid us in accomplishing a truly democratic community.

Thanking you sincerely for your cooperation, I am

Very truly yours,

*Rufus A. Lewis*

P.S. We are also soliciting persons and organizations who wish to join and help in a successful County-Wide Registration Drive.
