Now is the time to elect Community representatives of
The A. E. C. Committee.

To elect persons interested in poor farmers are so
important that special efforts are made to achieve
this goal.

Every negro farmer must vote in order to get
the persons the special Community
Committee recommends. The names of some of our
nominees will not be printed on the ballot,
therefore, the names must be written in on the
bottom of the ballot. Each voter must make a
checked mark ^{mark the name he votes for} and each letter which contains the
ballot must be signed and dated.
Your correct signature will be similar to the
name used in sending you your ballot.

You must not weaken your strength by voting for a large number
of negroes put on the ballot to split the Negro vote.

Let us vote together and elect representatives who
will help us solve our problem on the farm.

P.S. Don't send your ballot in until you have
it checked at the meeting or by a representative.
