What kind of a day was the day June 13, 1940  
It was a beautiful day. One could gaze for  
miles ~~on~~ miles up in to the endless blue sky.  
Not a cloud to be seen ~~in the heavens~~. The  
sun blazed in all of its radiant splendor  
The cool Breeze wind its way through the  
trees. How else could it have been. Where  
else could Yvonne have gotten her radiant charm  
her sunny disposition, her pleasing personality  
that cause every one to fall in love with her.

yes it was a beautiful and lovely day  
the day June 13, 1940 the day that Yvonne  
was born. I claim this as my lucky

day.

Happy birth to Yvonne

June 13, 1968 was an exceptional day. There were good reasons for look forward to this day.

On this day June 13, a little girl was born. <sup>after she arrived at</sup> ~~adult hood~~ One time in our lives our paths crossed. We walked together a <sup>hand in hand</sup> short distance down the same lane.

during the swift changing of the seasons friendship grew almost into a flower of love.

So, looking forward to this day was a <sup>delight</sup> ~~experience~~. yet in spite of the sudden and drastic change <sup>which</sup> has

taken place in our relationship and in our future.

~~because of this~~ Doubt and indecision prevail.

Should one continue to make oneself more ridiculous day by day, when one knows without a doubt what choice she has made. The desire to <sup>phone</sup>

number was dial. To wish a lady happiness on her day <sup>and</sup> all the other days, that will come in years ahead was stronger than the doubts and fears of intruding one the rights of another. So the number was dial and the waiting for a voice <sup>ie</sup> one did not expect to hear was tense.
