Dear fellow alumnus:

It is not enough to depend upon the press to keep Tuskegee alumni informed on a matter as crucial as the proposed cut-off of the Institute's Alabama appropriation. For this reason, the attached statement about the situation was prepared and sent to presidents of Tuskegee Alumni Clubs throughout the United States. And because we thought that any further enlightenment on the matter by us would be of especial interest to our Alabama alumni, we are pleased to send you a copy personally.

The one significant development since the statement was prepared is that Senator Tom Radney introduced a bill in the Alabama Legislature to restore the funds. For all practical purposes, this action puts the matter into the hands of our legislators, who will be voting on the matter soon.

In view of the obvious handicaps a sudden cut-off of funds would bring to our program and to the students affected, we take this opportunity to suggest that you feel free to encourage your local senator and representative to vote favorably on the measure.

We shall endeavor to keep you advised directly about further progress in this situation.

Sincerely yours,

James W. Woodson
Executive Director
