Dear Fellow Citizens:

I am a Black State Senator from Maryland who has had to deal with the Republican Vice-Presidential nominee for a number of years. Consequently, I feel obligated to share with you, a leader in your own community, the enclosed copy of a press release issued August 12, 1968, by the Ad Hoc Committee for Good Government. This committee is made up of a cross section of Black Community Leaders in Maryland, Ministers, Political Leaders, and Civil Rights Organizations.

In majority, this statement embodies our experiences with Governor Agnew. Although I must admit that he has made some constructive appointments, his destructive actions have overshadowed those appointments.

I sincerely hope you will read this release carefully, and take appropriate action.

With kind regards, I am,

Sincerely yours,

Clarence M. Mitchell, III  
State Senator, Maryland  
Tenth Legislative District
