

"Me"

Hi Coach,

How are you?

Believe it or not, my intentions have been good, but you know how things get sometimes.

I really did write you once, but I waited around and didn't mail it and by that time the news was very old.

I miss all of you, but I'm not really homesick. As a matter of fact, I'm thinking about staying 2 or 3 days after the program is over.

This program is excellent. There are just no words to describe it. There ^{are} always on informative tours, seeing beautiful films or listening to excellent lectures.

The way that the program
is set up, post-grads are
required to take weekly exams
every Monday which means
that our weekends are

really full.
The beautiful part about
it is that everyone here is
eager to learn, therefore, our
study habits are just great.
Even though there's a lot to
learn, it's really fun.

Mama told me about
the award you graduated
with in physical therapy!
That's just great!

Thank a lot
for everything
(\$100.00)
including
this
lovely
blue

that our students are
strong, healthy and
prepared to face the
work of the future

That's just great!
I'm in the physical business.
The record upon occasion
I have told the club
I am, it's really fun.
Even though there's a lot to
study about our great past.
I hope to learn, therefore, our
it is that everyone here is
The beautiful part about
reading books.
