MONTGOMERY

PARKS & RECREATION DEPARTMENT

1010 FOREST AVENUE • MONTGOMERY, ALABAMA 36106 • (205) 262-4421

March 3, 1972

Mr. Henry Andrews
1010 Forest Avenue
Montgomery, Alabama

Dear Mr. Andrews:

On March 3, 1972 I inspected the ballfields at Bellingrath and Goodwyn Community Centers. I found 25 quartz not burning at Goodwyn Babe Ruth Field. I feel this is due to a faulty wire. These bulbs cost \$8.75 each.

There are 13 incandescents on the Dixie Youth League Field burned out. These bulbs cost \$2.67 each.

Bellingrath Little League Field has 4 incandescents burned out and 19 incandescents on the Babe Ruth Field are not burning, which I feel is due to vandalism.

At Chisholm on Fulman Field 9 quartzs are not burning due to vandalism.

All total 34 quartzs and 36 incandescents need to be replaced. This will require man hours at \$6.50 per hour.

However, I will not take any action for repairs on the aboved mentioned until the Board reaches a decision.

Sincerely,

Mr. Lynn Bozeman

Parks and Recreation Board
1010 Forest Ave.
Montgomery, Ala.

Dear Sir:

The Council of Baldwin Community Center has asked me to write the Recreation Board and request several things they feel are needed so that Baldwin can have a program comparable to the other centers.

We have no outside athletic facilities for our boys or girls such as: a football field, track, speedball, or softball. Our program is not able to reach as many or be as effective as it could be because we have to transport for practice or have games at the center and they loose interest.

Also our adult program needs to be improved by offering arts and crafts such as ceramics.

A kitchen would help with many things we are not able to do now.

The council feels the board should visit Baldwin and see how limited our facilities are. We would appreciate the board's help in any way.

Thank you,

Ellie McKissick

Ellie McKissick
Center Director
Baldwin Community Center
