Hello Idessa,

I'm the school teacher who
showed up on your doorstep
with Derrick a few weeks
ago - thanks for talking
with me. More than that
even - thank you for all
you have done for this country.
Your struggle, the civil rights

struggle is the single finest
moment in the history of this
country. I am teaching the
story - as well as I can.

I so admire your dedication
and courage. Thank you!

I am also ^{glad} you listened to Dr King
to "love your white brothers"

If you didn't keep that promise
I never would have met you

God Bless Bob

ALL KNOW THE WAY...
